Month On Month Giving Programme

*Breast Cancer Affects All.
Be a monthly changemaker today!*

Breast cancer is the most common form of cancer amongst women in Singapore and a leading cause of death. Breast cancer also accounts for 1 in 6 cancer deaths amongst women here.

As a social service agency which advocates for the early detection of breast cancer, **Breast Cancer Foundation (BCF)** is here to support the breast cancer community in Singapore. Established since 1997, BCF actively raises breast cancer awareness through talks, events and publications that advocate for early detection through regular screening because survival rate for early stage is close to 95%.

BCF runs Singapore's first Breast Cancer Centre at Sin Ming Court. The Centre welcomes members of the public who wish to find out more about breast cancer. It also supports those affected by breast cancer through psycho-social programmes, support groups and befriending activities. BCF offers subsidy assistance to support low-income women for their first-time mammogram screenings and runs a complimentary wig loan programme.

As a registered charity with an Institution of a Public Character (IPC) status in Singapore, BCF is self-funded and is dependent on public's generous donations to provide quality services and programmes for more women and their families.

BCF introduces a new giving programme, **Month On Month (MOM)**, that allows donors to gift a specified amount to BCF on a regular monthly arrangement. Every dollar we receive supports our beneficiaries, up-stream education and advocacy work.
